Carroll County	21048* 21074 21102 21155 21157 21771 21784 21787

*In 2010, households were allocated to a geographic sub-area based upon a review of both their zip code and the neighborhood in which they said that they lived (Q3a). At times, the same zip code was allocated to one of several possible areas, based upon the neighborhood response given. The new Park Heights-Cheswolde area required this change from 1999, especially in zip code 21209.
